Fostering Patriotism among Students

Institutional Distinctiveness during 2017-18

In line with our institutional commitment to instill values associated with the freedom movement, such as patriotism, national integration, and the promotion of a casteless society devoid of discrimination, our college embarked on a concerted effort during the academic year 2017-18. This period provided a poignant opportunity to commemorate the 71st anniversary of India's independence and the 75th anniversary of the Quit India Movement, milestones that underscored our nation's journey towards freedom and justice.

Under the banner of "Jashn-e-Azadi," our college orchestrated a series of events from August 9th to August 31st, aimed at fostering a sense of pride and unity among our student body. Key highlights of our initiatives included:

- **Pledge for a Better Society:** Students and teachers alike participated in a solemn pledge, affirming our collective commitment to building a casteless, corruption-free, terrorism-free, poverty-free, and pollution-free society. This symbolic gesture was accompanied by the hoisting of the national flag, symbolizing our unwavering allegiance to the ideals enshrined in our Constitution.
- **Cultural Extravaganza:** Our college showcased the rich cultural tapestry of Himachal Pradesh through a vibrant Food Fest, highlighting the culinary diversity of the region. Additionally, Music and Dance Festivals provided platforms for artistic expression, celebrating the cultural heritage that binds us together as a nation.
- **Academic Engagement:** Intellectual discourse formed a cornerstone of our efforts, with academic activities such as Quizzes, Essay Writing, and Debates centered around themes of patriotism, nationalism, and social justice. These endeavors not only sharpened the academic acumen of our students but also encouraged critical reflection on our shared history and values.

Through these multifaceted endeavors, our college endeavors to nurture a generation of responsible citizens imbued with a deep sense of patriotism, equipped to contribute positively to the fabric of our society. As we look towards the future, we remain steadfast in our commitment to fostering a culture of inclusivity, social justice, and national pride within our academic community.
